IN LESS THAN
10 YEARS**

**FARMERS IN ONTARIO PAY
SOME OF THE HIGHEST
ELECTRICITY RATES IN ALL
OF CANADA.**

Solar remains a smart choice for Farm Operations in Ontario. If you're a small business customer, you can expect paybacks of 5-10 years on a 25 year investment (today's Solar Panels can last up to 30 years or more!).

**If you're eligible to borrow from
Farm Credit Canada your
payback could be below 5 years!**

TAKE CONTROL OF ENERGY COSTS

With the cost of electricity rising every year, and solar panels at an all time low, there's no better time to build than now. You can:

- Hedge against the rising cost of electricity.
- Gain energy independence.
- Utilize levelized solar prices that are **CHEAPER** than grid pricing.
